

Description

The black pearl metal ceiling canopy kit with 4 side holes is used to assemble a wall or ceiling lamp with four light sources.

The metal is durable, while the black pearl finish adds depth and elegant highlights, ideal for sophisticated interiors.

The pearl black metal ceiling canopy kit with 4 side holes is right for you if:

- you need a junction box
- you want an elegant and functional swivel joint
- you desire an exclusive finish with a contemporary touch

To configure and complete the black pearl metal ceiling canopy kit with 4 side holes:

- select your options from the menus
- check out the installation tutorial
- pair it with modern light bulbs and light textile cords to highlight the contrast

Extra tip:

- pair pearl black with metallic tones for a sophisticated look
