ALANI – 266100131

excl. 1x G9 · max. 5W

Caratteristiche:

- IP20
- Lampade non incluse nella confezione
- Luce su e giù
- Montaggio a parete

The ALANI wall light combines a clear form with a soft lighting effect, making it the ideal choice for modern living and sleeping areas. Its minimalist design creates a calm, elegant look and blends seamlessly into a wide variety of interior styles. The up-and-down lighting creates an atmospheric cone of light upwards and downwards, bathing walls in soft light and creating a cosy atmosphere. Ideal for supplementing the main lighting or as a stylish light source for quiet moments - for example next to the bed, in the hallway or as indirect light in the living room. ALANI is made of high-quality metal with a white finish. The matt surface has a modern and understated look, but also gives the luminaire a sophisticated feel. The minimalist design and neutral colour scheme make ALANI a versatile lighting object that blends harmoniously into a wide variety of living styles. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
