SOKA – 267700231

excl. 2x GU10 · max. 10W

Caratteristiche:

- IP20
- Lampade non incluse nella confezione
- Luce su e giù
- Montaggio a parete

The SOKA wall light combines modern simplicity with fine design details. Its clearly structured surface with vertical grooves gives it an elegant texture. In combination with the up-and-down lighting, decorative light beams are created that stylishly accentuate wall surfaces - ideal for corridors, stairwells or as atmospheric accent lighting in living rooms and bedrooms. SOKA doesn't impress with volume, but with restraint and style - perfect for rooms where details count and atmosphere is important. Made of metal with a matt white surface, SOKA has a modern, bright and unobtrusive look and can be integrated into a variety of colour concepts - purist, but with character. For modern and reliable lighting, the use of an LED bulb is recommended. It offers a high quality of light, is versatile and convinces with uniform illumination. Its long service life and low heat generation make it the ideal choice for a wide range of applications.
