Low voltage direct. 2014/35/EU

**■ GENERAL CHARACTERISTICS**

Commercial Series	SMART Series
Synthetical description	CONDUIT COUPLING

**■ PHYSICAL CHARACTERISTICS**

Material	THERMOPLASTIC
Halogen free	HALOGEN FREE
Protection degree IP	IP66
Colour	GREY
Sheath	ø20mm

**■ DIMENSIONAL CHARACTERISTICS**

Diameter	ø25mm
----------	-------

**■ OPTIONS & VARIOUS NOTES****Catalogue notes**

The use of a co-injection moulding system makes it possible to turn the technopolymer gasket into an extension of the piece and disguise it as part of the pipe. It also provides a greater degree of sealing efficiency and makes it easier to insert pipe fittings without squashing or deforming the gasket.
